

the local doctor.

Dr Eddie is a modern general practitioner and specialised skin doctor. He is passionate about providing warm, friendly, and compassionate care. Dr Eddie has a strong belief in having a holistic approach to patients, working together to provide the best possible treatment for any physical or mental health concerns.

Dr Eddie believes that the most important part of his job is to allow time for patients to discuss any issue without ever feeling rushed. In doing so he is able to be very thorough and provide you the best possible medical care.

Dr. Eddie is a member of the Skin Cancer College of Australasia (SCCA) and has interests in preventative medicine, which includes early skin cancer detection.

Dr. Eddie has been active in medical research and has completed a PhD in molecular cancer medicine. As part of his particular interest in preventative and cancer medicine, he has further training in skin cancer detection and treatment through the SCCA. As part of his ongoing training, Dr Eddie is regularly updating his qualifications to provide the best possible and up-to-date care for his patients.
